

X-Press It®

Metal Leaf Decorative Board

Release your creativity & make a unique metal leaf masterpiece!

What You'll Need

- X-Press It Gold Metal Leaf Flakes
- X-Press It Gold Size
- X-Press It General Purpose Clear Tape
- Paint Brushes
- Decorative Board

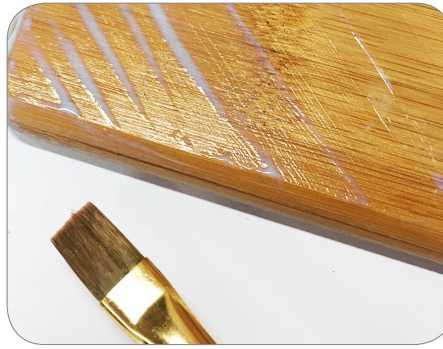

Also available in silver

Step 1:

Ensure surface is clean. Apply X-Press It General Purpose Clear Tape diagonally across one end of the wooden tray.

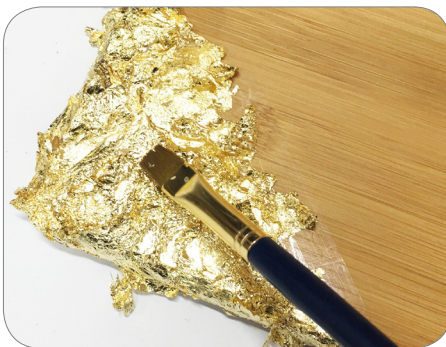

Step 2:

Paint the corner area on the wooden tray with X-Press It Gold Size being careful not to go over the tape. Allow 5-10 minutes to cure.

Step 3:

Gently cover over X-Press It Gold Size with the X-Press It Metal Leaf Flakes.

Step 4:

Press gently with your finger or a soft brush. Ensure flakes are applied to all areas of the gold size. Gold size remains tacky so you must ensure all areas are covered with metal flakes.

Step 5:

To prevent tarnishing apply an all purpose sealer. Your project is complete and ready for display!

Metal Leaf Flakes Pen Holder

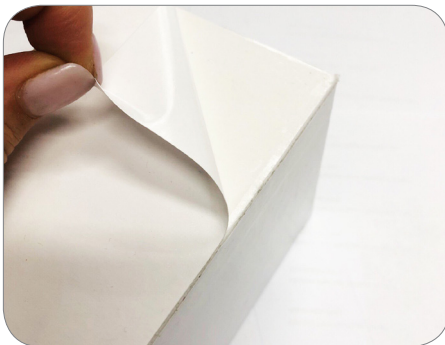

Release your creativity & make a unique metal leaf masterpiece!

What You'll Need

- X-Press It Gold Metal Leaf Flakes
- X-Press It Adhesive Sheet
- Paint Brushes
- All Purpose Sealer or Varnish
- Pen Holder (rectangle or square)

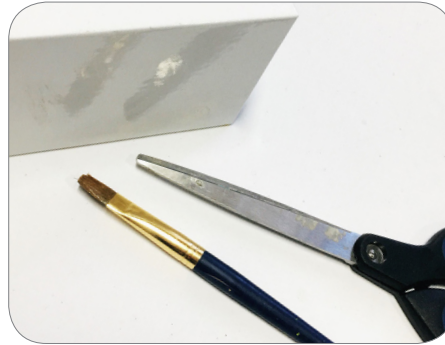

Also available in Silver

Step 1:

Apply X-Press It Adhesive Sheet to pen holder (ensure surface is clean).

Step 2:

Cut the X-Press It Adhesive Sheet and trim the edges around the surface.

Step 3:

Peel back X-Press It Adhesive Sheet, gently cover sheet with the X-Press It Metal Flakes.

Step 4:

For even coverage press gently with your finger or a soft brush over the X-Press It Metal Flakes. Ensure flakes are applied to all areas of the adhesive sheet.

Step 5:

To Prevent tarnishing apply a water based varnish or all purpose sealer over the Metal Flakes.

Step 6:

Your Metal Leaf Flake pen holder project is complete!
