Metal Leaf Wreath

STEP BY STEP

WHAT YOU'LL NEED

- X-Press It Metal Leaf
- X-Press It Gold Size
- X-Press It Paint Brush
- X-Press It Clear Glue Gel
- Fabric Leaves
- Card Stock
- Scissors

INSTRUCTIONS

Step 1: Using a clean paint brush, apply a thin layer of X-Press It Gold Size on the areas you want to cover with the Metal Leaf. Allow the Gold Size to dry for 15 minutes or until it becomes tacky.

Step 2: Delicately place X-Press It Metal Leaf onto the area where you have applied the Gold Size. (You can use tweezers or your fingers to do this). Once covered with Metal Leaf, use a clean, soft brush to dust off the excess leaf very delicately.

Step 3: On your card stock, draw a large circle with a smaller circle inside. Cut out around the large circle. Next cut out the inner smaller circle.

Step 4: Using your X-Press It Clear Gel Glue, apply the glue the centre of your circle.

Step 5: Apply your leaves to the circle. Continue applying leaves until you completely have covered up all the card.

Step 6: Your metal leaf wreath is now complete. This can be used as a table decoration or you can hang it to a wall or door.
